

Job Posting: Solar Electrician

About StraightUp Solar

StraightUp Solar is a St Louis-founded and owned, fully insured turnkey solar installer with 800 solar projects throughout Missouri and Illinois. With offices in Overland, MO and Bloomington, IL, StraightUp Solar is a fully-licensed and insured electrical contractor, a BBB A+ business, and Missouri's longest-running solar installer.

StraightUp Solar Culture

StraightUp Solar is a values-based company committed to a cleaner, safer, and more secure energy future -- one solar panel at a time. We provide a supportive team environment which allows everyone the opportunity to collaborate on ideas to improve the company. We are an Equal Opportunity Employer and a Certified B-Corps.

StraightUp Solar has 6 core values (CLEARE) that guide the company and team members.

CLEARE Values

- Community First
- Lead the Solar Tribe
- Educate the Solar Lesson
- Advocate Always
- Respect Each Other and the Environment
- Excellence In All We Do

Position: Solar Electrician

StraightUp Solar is seeking an electrician to install residential and commercial solar photovoltaic systems. Previous experience with electrical work on solar is preferred, but not required.

Position Responsibilities:

- Size wiring per NEC code
- Size fuses and circuit breakers per NEC code
- Conduit bending -- up to 2 inch
- Install electrical service panels, electric service entrance, and electrical disconnects
- Electrical wiring of solar array (AC and DC).

- Attend training sessions on new products, installation methodology and safety
- Adhere to StraightUp Solar and OSHA safety standards

Essential Knowledge & Skills:

- Minimum 2 years' experience.
- Minimum 2 year trade school training or BAT approved program (bureau of apprenticeship training).
- Ability to work on roofs and in extreme environments (hot sun, cold weather, crawl spaces, flat and sloped roofs, ladders, scissor lifts, etc).
- Must be organized, self-motivated, and able to meet aggressive timelines.
- Must be able to lift at least 75 lbs.
- Proficiency with email and cloud-based project management systems preferred.
- Must have excellent communication skills and work well on a team.
- Must deliver a high level of customer service.
- Must have a clean driving record, a valid driver's license, and access to reliable transportation.

Compensation and terms:

- Competitive hourly rate and advancement opportunities
- Medical
- Paid Vacation and Sick Time
- Paid Holidays and Bereavement
- Matching 401(k)
- Paid travel with per diem
- Ongoing solar education and training classes
